2012 Kelly's Cuvee

Napa Valley

What is this? Very dark, almost opaque... while it sucks up photons like a black hole, it exudes aromas of ripe blackberries in a pie-like seduction! The middle is huge, the ripeness quite evident yet the balance of acidity is spot-on with tongue-top tannins that quickly melt into a delicious finish. This is a BIG Syrah without any trace of angularity. *Limited production.*
